

Nomination Form

Missouri Conservation Achievement Awards

Please check one category from the following:

– **Conservationist of the Year**

For the most outstanding overall conservation effort and achievement in any area of natural resource conservation.

– **Air Conservationist of the Year**

Recognizes outstanding effort in the area of air conservation. The award similarly applies to solid waste, pesticides or any other specific area of environmental concern.

– **Conservation Communicator of the Year**

For the most outstanding conservation effort by a person, newspaper, magazine, radio or television station. Recognizes exceptional efforts in creating public awareness of the importance of resource conservation.

– **Conservation Educator of the Year**

For the outstanding conservation effort in education. Recipient should have accomplished and demonstrated recognized education methods toward the conservation of natural resources.

– **Forest Conservationist of the Year**

For the outstanding forest conservation effort during the year. Eligible areas include tree planting, timber stand improvement, fire prevention and/or suppression or development of multiple-use programs on forest lands.

– **Hunter Education Instructor of the Year**

For the most outstanding effort in hunter education. Recipient should have demonstrated innovative means of teaching Missouri youth the hunter safety/hunter ethics message or made other significant voluntary contributions to hunter education instruction.

– **Professional Conservationist of the Year**

For the most outstanding accomplishment by a professional in the field of conservation or natural resource management. Their contribution should be beyond one's regular work responsibilities.

– **Soil Conservationist of the Year**

For the outstanding soil conservation effort. The recipient could be a landowner, administrator or technician in soil conservation. Eligible areas include small watershed development and soil and wind erosion control programs.

– **Water Conservationist of the Year**

For the outstanding water conservation effort. Eligible areas of effort include water pollution control, wetlands preservation, protection of wild or scenic rivers, etc.

– **Wildlife Conservationist of the Year**

For the outstanding accomplishment during the year which has made a significant contribution to the management and/or restoration of wildlife.

– **Youth Conservationist of the Year**

For the outstanding conservation effort by a person who did not attain the age of 21. Youth groups acting together in a conservation program are eligible. Recipient should have demonstrated ability, leadership and accomplishment in any phase of conservation.

– **Conservation Organization of the Year**

For the outstanding contribution to conservation by a Missouri organization. Federation affiliates, garden clubs, civic organizations, rod and gun clubs, etc. are eligible. Private corporations or companies may also be nominated in this category. Recipient should have demonstrated keen interest in projects and programs in Missouri which deal with natural resource problems and should have undertaken an action program to address same.
